

## MRS. M'KINLEY FAILING FAST

It is Feared That She Will Not Survive the Winter.

## PLUNGED IN GRIEF

Sits for Hours Beside the Tomb of Him She Loved So Well.

## MOURNING LIFE AWAY

Cincinnati, Ohio, Dec. 10.—The visit of Mr. and Mrs. Charles G. Dawes to Mrs. McKinley at her home in Canton is thought here to be significant. Reports from Canton, while exceedingly guarded, are to the effect that the condition of Mrs. McKinley is regarded with great anxiety by the family and close friends.

It is generally understood that Mrs. McKinley never fully recovered from the effect of her experiences on her California trip and her illness in San Francisco. Then came the shock of her husband's tragic end. While she appeared to endure this shock fairly well, it has developed since that the heart-breaking strain made serious inroads in her physical and mental strength.

She is falling rapidly. In fact it is regrettably admitted by those near to Mrs. McKinley that both mind and body have been seriously affected, and that there are signs which seem to indicate that she is falling rapidly.

One of the unfavorable symptoms of Mrs. McKinley's case is her mental condition. She mourns constantly for her husband and can think or talk on no other subject. The holiday season has always been a season for gaiety with the McKinleys but it is understood that Mrs. McKinley feels her bereavement so poignantly that she has told her relatives she has no heart to participate in any Christmas festivities. It is said that she has even asked to be left alone in complete solitude in her room on Christmas day.

Strain Growing Dangerous. Reports from Canton go so far as to indicate that unless there is an improvement in Mrs. McKinley's condition there is a grave fear she will not live through the winter. It is found possible to divert her mind in some measure and to rouse her from her state of absorbing grief and melancholy, the mental respite, it is believed, will have a beneficial effect upon her physical health. Under this can be done and her mind relieved in some degree of its load of grief those nearest and dearest to her fear the strain will prove too great for her to bear.

## LABOR IS LEANING TOWARD SOCIALISM

Pronounced Movement At Session of American Federation of Labor This Morning.

Scranton, Pa., December 10.—A pronounced leaning toward socialism and government ownership of public utilities developed at his morning's session of the federation. This outburst of socialist feeling was brought about by a lengthy discussion on the resolution protesting against anti-social legislation. The resolution despite the vigorous attempt of railroad and telegraph operators to secure its recommendation.

## STANFORD COLLEGE GETS MILLIONS; \$30,000,000 IN BONDS AND REALTY

Endowment Planned by the Former Senator Now Made According to Decision of Supreme Court.

San Francisco, Cal., December 10.—Mrs. Jane L. Stanford today transferred to the trustees of Stanford University \$18,000,000 in bonds and stocks and redeeded to that institution property valued at \$12,000,000. Mrs. Stanford's act today perfects the greatest endowment ever provided for educational purposes by an individual donor.

The bonds represented the bulk of Mrs. Stanford's private fortune, as well as the accumulation of interest on the bonds set aside by Senator Stanford during his life but not transferred to the university. Many of these bonds have been doubled in value during the last three or four years.

The redeeding of the real estate was made necessary by the fact that the state supreme court held that the original deeds were not valid.

One deed transfers Mrs. Stanford's home on Nob Hill to the university. It was thought she would retain this

## BADGER DRUG MEN AT MILWAUKEE

State Board of Pharmacy Opens an Examination at the Hotel Pfister This Morning.

Milwaukee, December 10.—The state board of pharmacy opened its December session at the Hotel Pfister this morning at 9 o'clock, and a class of sixty or more applicants for licenses to practice pharmacy will take examinations. Secretary E. B. Helm-street of Janesville arrived this morning to make the necessary arrangements for the examinations.

On Thursday the directors of the Pharmaceutical company, a co-operative manufacturing concern, owned by druggists of the state, will meet the board, and that afternoon committees of Milwaukee druggists will confer with the board to make arrangements for the annual meeting of the Pharmaceutical association next August.

## BRITISH ESCAPE DE WET'S FORCE

The Attempt to Capture Boer Leader Nearly Ends in English Disaster.

London, December 10.—An obscure dispatch from Pretoria indicates that an attempt has been made to capture De Wet, with the result that the British force escaped capture itself by the timely arrival of General Remington after a night march of fifty miles. The press censor has permitted the information to pass that both British columns were able to retire to Hell-broon, and it is intimated that the British suffered a few casualties.

Details of the affair may be expected to come along in dribbles.

## BAY STATE CITIES ELECTIONS TODAY

Eighteen Mayors to Be Chosen—Mayor Hart of Boston, Opposed by Three Candidates.

Boston, Mass., December 10.—Eighteen Massachusetts cities, including Boston, are holding their elections today. In thirteen cities the present mayors are seeking re-elections. In Boston three candidates are out against Mayor Hart. The democratic managers declare that General Patrick A. Collins will be elected by 7,000 plurality, while the republicans seem confident of re-electing Mayor Hart by about 3,000.

## REGULAR GRIST OF DEAD BOERS

Kitchener's Weekly Report Shows 17 Killed, 37 Wounded, 372 Captured and 35 Surrendered.

London, Dec. 10.—Lord Kitchener reports that his weekly bag of Boers was seventeen killed, thirty-seven wounded, 372 captured and thirty-five surrendered. He adds that the southeastern corner of the Orange River colony is now cleared and the Boers in strength under Maritz recently defeated in the attack on the Tontelsboek.

## NO TREATY, NOR EVEN A PROTOCOL

The United States Has Received no Concessions from Nicaragua for Canal Right of Way.

Washington, December 10.—The morning dispatches were in error when they stated that the treaty between this country and Nicaragua by which certain rights of way for the canal are given to the United States. The state department officials say that no treaty or even a protocol for a treaty is arranged.

W. W. Parmlee returned to the city last evening after spending a very successful season with the Wallace Brothers' Circus. Mr. Parmlee reports that the show did an immense business this year and made plenty of money.

## CO-EDS WANT HASH ELIMINATED; KICK ALSO ON HAMBURGER STEAK

University of Wisconsin Students Demand Better Board—Make an Appeal to the Regents—All Classes of Varsity Maids Unite in Protest.

Madison, Wis., December 10.—The 100 co-eds at the state university who board at Chadbourne Hall have united in a formal protest to the regents regarding the quality of the board which is furnished them. They demand especially that hash and hamburger steak, be entirely eliminated from the bill of fare and that they be served with fruit of some kind each morning.

A mass meeting of the boarders at the hall was recently held, at which a committee was appointed, consisting of one member from each class, to lay their grievances before the regents. This committee went to Secretary Riley, who told them that a formal complaint to the executive committee was the proper proceeding. They took this step and the committee, which consists of B. J. Stevens, ex-Senator W. F. Vilas and ex-Governor George W. Peck, may meet this week to consider the matter.

Owing to the prevailing high prices of provisions the price of board at the hall was recently raised from \$3.50 to \$3.75 a week. The girls say boarders outside the hall have better fare than they get at less cost, and that they occasionally have to buy cheese and crackers to satisfy their hunger.

The protest of the girls in some 300 words in length, and recites in detail the objections to the food supplied. Among other things, the girls demand that no more hash or hamburger steak, which are said to have been frequent morning dishes, be served. They also demand that assorted fresh fruit be served for breakfast. Some change in the method of serving is asked.

It was impossible to secure a copy of the protest today. It was also impossible to get the names of the committee of five girls who signed it. Of these girls, two are from the senior class and one each from the three lower classes.

## HARD FIGHT OVER A LIBRARY SITE

Citizens of Rockford on a Deadlock and Unable to Accept the Congress Gift.

Rockford, Ill., December 10.—The long fight over the location of the Carnegie library building seems little nearer a settlement than it was six months ago. Since the donation of \$60,000 last April the city has been divided with reference to a site for the building. Four weeks ago it seemed that the east side had won. The city council agreed to purchase a property known as the Reed site at a cost of \$23,000, the payment to be spread over a period covering ten years.

The decision was reported to Mr. Carnegie's secretary who replied that the money would not be given for a building on mortgaged land. The city is already bonded to the statutory limit and the money was not forthcoming for a cash purchase. This opened the question anew and all of the old arguments for the east and west sides have been brought forth again. West side citizens have subscribed for a West side site and stand ready to present this free of encumbrance to the city.

But the acceptance of a site rests with the library board and a majority are East Side men. They will not accept the free site. A compromise may be reached by building the library on the West side of the river and a new \$10,000 hall on the East side.

## GIANT MONTANA CAVE DISCOVERED

It is Believed to Be the Largest Underground Cavity Known on This Earth.

Butte, Mont., December 10.—A new and wonderful natural cave, believed to be one of the largest known, has just been discovered in the canyon of the Jefferson on the line of the Northern Pacific railroad. A partial exploration of it has been made by a small party. Several days were spent in the cave and explorations made covering an extent of nearly 1,000 feet. A large river with a catchment of about 100 feet was explored for a distance of several miles without discovering its source or outlet.

A few articles of stone and copper utensils, and some bones, believed to be human, were also discovered in one of the large apartments explored. There were other evidences that at some time in a prehistoric period the cave was used as a habitation. The belief of J. W. Gilbert, a scientist, with the party of explorers, is that an earthquake closed the entrance to the cave and killed its inhabitants.

The present opening to the cave was made by some lime quarrymen at a point 1,600 feet above the bed of the Jefferson river. They were engaged in blasting rock. The stalactites and other natural decorations throughout the cave are pronounced the most beautiful and varied ever seen. A more thorough exploration is to be made as soon as proper equipment for an extended stay can be provided.

## FORM NEW ELECTRIC RAILWAY COMPANY

Proposed Line Between Sheboygan Falls, Plymouth and Other Points in Sheboygan Co.

Madison, Wis., Dec. 10.—(Special)—The Wisconsin Railway and Electric Company, to build and operate an electric line for the carriage of passengers, baggage, mail, express and freight between Sheboygan Falls, Plymouth and other points in Sheboygan county, filed articles of organization with the secretary of state today. The capital stock is \$100,000, and the incorporators are: Geo. B. Mattoon, J. Donohue, S. K. Loomis and Edwin L. Debell.

## SCHLEY REPORT COMES THIS WEEK

Washington, Dec. 10.—According to the best authority at the navy department the reports of the Schley court of inquiry will be submitted before the present week is ended. Notwithstanding the many predictions as to the findings of the court no one, not even the secretary of the navy has the slightest knowledge of their purport.

## BICYCLE RACE IS RUNNING CLOSE

New York, December 10.—The five teams in the six day bicycle race are running neck and neck this morning. Of these four are Americans. The score at the end of the thirtieth hour showed the five leaders had covered 605.3 miles each.

Mrs. A. Stanley returned home yesterday from Waukegan where she was called by the illness of her daughter.

## STRONG PULL FOR CANTON MEMORIAL

Washington, Dec. 10.—The project to erect by popular subscription a McKinley memorial arch here is abandoned in favor of the Canton movement to erect a monument there to the martyred president.

## ASK CONGRESS TO BUILD AN ARCH

McKinley Association Decides That Demand for Public Subscriptions Will Interfere with Project.

Washington, D. C., December 10.—The William McKinley National Memorial Arch association has determined to change its plan of operation so as to appeal to Congress instead of to the public for the erection of the proposed McKinley memorial at Washington. Secretary Gage offered resolutions, which were adopted, in effect that the subscriptions to the memorial arch in Washington were prejudicial to the monument or memorial at Canton, so the committee would give up its appeal for popular contributions and ask congress for an appropriation from the public treasury.

## MURDER MYSTERY AT WASHINGTON

Mrs. Walter Dennis, a Fashionable Modist, Found Brutally Murdered in Her Rooms.

Washington, December 10.—A mystery that promises to rival the Ayers tragedy developed this morning when the unconscious form of Mrs. Walter Dennis, one of Washington street's most fashionable modists, was found in her apartments, with her skull fractured, several places in her jaw broken and the body badly bruised. That robbery was not the motive is evident from the fact that her pocket book containing a large sum of money was found on the stand near the woman's bed. Mrs. Dennis is dying.

## TO BE HELD AS SEPARATE FUNDS

Apparent Settlement of the Tariff Embroglio as Regards Philippine Islands.

Washington, December 10.—The republican house ways and means committee have agreed on a bill which was introduced by Chairman Payne. It established the Dingley tariff on goods coming into the Philippines but provides that the duties so collected shall be held as a separate fund and paid into the treasury of the Philippines to be used and expended for the government and the benefit of the islands. The bill will be reported to the whole committee tomorrow and later in the day to the house.

## JUDGE RULES OUT QUESTION

Objection of District Attorney Sustained in Bonine Trial.

Washington, D. C., Dec. 10.—Judge Anderson, before whom Mrs. Lola Ida Bonine is being tried for the murder of James Seymour Ayres, Jr., sustained the objection of the district attorney to the hypothetical question submitted to Dr. Carr, an expert, on Saturday. The court stated that to admit the question as put would only cloud the situation and embarrass instead of instruct the jury. The question was reframed and the witness answered that in his opinion the location of the hip wound, such as received by Ayres, could not be materially influenced at its height or direction by the fact that the deceased was or was not walking or running. Dr. Carr was on the stand during a part of the day, his testimony relating mainly to the relative positions of Mrs. Bonine and Ayres when the killing took place.

## BETTER FEELING IN COPPER MARKET

Amalgamated Opened a Trifle Higher This Morning on Account of European Buying.

New York, December 10.—Strengthened by a better feeling in coppers on the European courses Amalgamated copper opened this morning on the stock exchange at 72 1/2 and 1 5/8 higher than yesterday's close. The pressure in Amalgamated is still heavy despite the stories falsely circulated that a settlement had been made between the warring factions.

## CARNEGIE'S GIFT WELL RECEIVED; CONGRESS WILL TAKE ACTION

Offer of \$10,000,000 for a School at Washington Referred by the President—No National University.

Washington, D. C., December 10.—Andrew Carnegie's gift of \$10,000,000 for the establishment of a college for higher education in this city, which he offered in a letter to President Roosevelt recently, will be submitted to congress for consideration.

President Roosevelt will include Mr. Carnegie's letter to him offering the gift to the American people in a special message, in which will be included Mr. Carnegie's wishes in the matter.

Before writing this letter, Mr. Carnegie consulted the presidents of the various great American colleges, including Dr. Harper of Chicago, Dr. Eliot of Harvard, Dr. Gilman of Johns Hopkins, and Professor Andrew D. White of Cornell, the present Ambassador to Germany. At a recent White House luncheon the details of the proposition were discussed and met with universal approval.

Mr. Carnegie's idea, in a general way, is to turn this sum of money over to the United States government to be held in trust for the maintenance and operation of the proposed college, just as the funds that maintain the Smithsonian institute are now handled.

It is not to be a national university and the government is to be in no way connected with it except to take care of the money, and be represented by a board of regents such as now controls the affairs of the Smithsonian institute, which was founded by James Smithson with a gift of \$1,000,000 to be used in the diffusion of scientific knowledge.

If Mr. Carnegie's gift is accepted by congress it will mean the end of the long talked of project for the establishment in Washington of a national university as recommended by George Washington and by many other distinguished people since his time.

The institution that Mr. Carnegie has in mind is in no sense a national university, but rather a school for the teaching of the higher branches of scientific education, and is intended to be supplemented to the great colleges throughout the United States.

## TROOPS CLASH IN CHINA TOWN

Germans and British Slain in a Free Fight at Tien-Tsin.

## WAS BLOODY FRAY

Seven Men Were Killed, and One Officer Was Fatally Injured.

## MAY WAKE UP POWERS

Tien-Tsin, Dec. 10.—Serious international complications may result from an encounter which took place yesterday between the German troops and a company of Punjab infantry, which is stationed here. The Punjab infantry form a part of the Indian forces of the British empire.

Three German privates were killed and one German officer was mortally wounded in the fight. On the British side three men were slain and several more wounded.

The accounts of the fray, which was short but decisive, differ somewhat, the Germans claiming that they acted from first to last in self-defense, while the Indian troops aver that the Germans were acting for a chance of showing their hatred for the English.

Cause of the Trouble. The trouble was started by a sentry belonging to the Indian regiment, who ran amuck and killed two of his comrades. The sentry, who is said to have been crazed by liquor, while quarreling with companions suddenly brandished two revolvers and without a word of warning shot at random into a crowd of unarmed soldiers who had tried to quiet him. Two men were killed outright and others were slightly wounded.

The sentry then ran through the streets of the city, shouting and swearing. The people fled in terror right and left. A company of Punjab infantry was at once sent out to secure him.

Soldiers in a Free Fight. The sentry later met a company of German troops, whom he called cowards and brutes, saying that they deserved to be treated like the boers in South Africa. He emptied his revolver in the regiment, wounding one German officer mortally. He was shot dead by the Germans.

In the meantime the company of Punjab infantry arrived on the scene. A row ensued between the commanding officers and a free fight was precipitated. The battle lasted but a short time, the Punjab being put to flight, leaving their dead and injured on the street.

Afterward the Germans took the wounded of both sides to their barracks and cared for them.

The German troops have been confined to their barracks until further orders.

## BETTER FEELING IN COPPER MARKET

Amalgamated Opened a Trifle Higher This Morning on Account of European Buying.

New York, December 10.—Strengthened by a better feeling in coppers on the European courses Amalgamated copper opened this morning on the stock exchange at 72 1/2 and 1 5/8 higher than yesterday's close. The pressure in Amalgamated is still heavy despite the stories falsely circulated that a settlement had been made between the warring factions.

## REGULAR MEETING OF CITY COUNCIL

Mayor Richardson Presided—Routine Matters of More or Less Importance Passed Upon.

A regular meeting of the common council was held last evening. Mayor Richardson presided and all the aldermen were present except Ald. Gilroy.

The city treasurer's report for November and the report of the municipal court for the same month were approved and placed on file.

The claim of August J. Amohl of \$30 for work done on Court street under John Martin was referred to the highway committee and disallowed.

The bond of the Delavan Lake and Janesville electric road was presented and referred to the judiciary committee who asked for further time.

George Fotherston was given permission to erect a building on North Main street. The application of L. R. Trent to erect a building on South Main street was held over until the next meeting.

The application of M. M. Fardy for the transfer of his saloon license to T. W. Anderson was granted.

The plans and specifications for the grading of North First street and the report of the street assessment committee on the cost of the work were adopted.

Mayor Richardson asked to be excused and Alderman Hutchinson was elected presiding officer by the council.

The lighting committee made a report on the report of the city electrician concerning the condition of the electric lights during October. Mr. Korst of the Janesville Electric Co. had been present at a meeting of the committee and promised to see that the lights were kept up in the future.

The committee recommended that the number of hours the lights were out be deducted from the November bill. As the office of light inspector had grown to be quite important and made extra work for the city electrician a salary of \$150 a year was voted him to take effect from December 1, 1901.

The ordinance licensing the opera house was repealed under a suspension of the rules.

The ordinance vacating North street from the east line of Gold street to the east line of the Chicago & North-Western right of way was given its first and second readings and then rushed through under a suspension of the rules. The agreement with the city being that the North-Western would build a viaduct over the tracks at Galena street. The aldermen from the Fifth say they have the assurance of the railroad company that this work will be taken up at once.

Alderman Rice addressed the council in regard to the continual blocking of Academy, High and Jackson streets by the railroad company and wanted a special officer appointed to make complaint against the company and make them live up to the ordinance so that the citizens of the First ward would have some rights that would be respected. Alderman McLean headed him off by having the matter referred to the police committee with power to act.

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of childbirth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

Woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

Get Mother's Friend at the drug store. 51 per bottle.

## STEEL TRUST PROFITS.

On November 27, the steel corporation declared a dividend of twelve and a half per cent. on a capitalization of \$200,000,000. Last week a similar dividend was declared, making a total of \$50,000,000 profits realized since the formation of the combination. Some papers seem to think this enormous sum does not represent all the profits, but it represents enough to make the stock of the corporation meteoric in its ascent.

The organization of this combination was the most remunerative in the history of the world; if a man has so established himself in the confidence of men who wield great wealth he can do great things. Undoubtedly the thought of combining the various steel companies into one vast corporation had occurred to many men, some of whom could have carried the vast project through successfully, if they could have secured the money necessary to float the enterprise, but there is not much competition between men who can command capital like that.

## A BOER IN PARLIAMENT.

Colonel Arthur Lynch has been elected to parliament from Galway, Ireland; in view of the fact that the colonel has been fighting the English in South Africa, this election is taken by some as a huge joke, but its effects may be more far-reaching than was at first anticipated.

Whether Colonel Lynch will be admitted to parliament or sent to jail, there is in prospect a great row when he presents himself to Westminster. The present Irish members have probably uttered words as hostile as any he can frame, but his appearance in their deliberations will be considered more a sign of opposition to the empire than all they could say.

The election has exasperated the English people as a whole, and they are greatly stirred up over the impudence.

The result cannot help bringing a revival of hostility toward the Irish cause, harsher governmental measures and methods, and injuring the Home Rule question more than any attack of late years.

The Irish probably think the attitude of England could not be more hostile or her government more infamous than it is at present.

## DISFRANCHISEMENT FAILS.

The lower house of the Georgia legislature refused to disfranchise the negro by a vote of 158 to 17, and the state press does not seem to be so virulent in its attacks on the colored man as that of some sister states.

The failure is ascribed to the state law which limits the ballot to tax payers, and as very few negroes pay taxes, the whites have little to fear from them politically.

Although Georgia has more negroes than any other southern state, she claims they are the best negroes in the south. They are contented and law abiding, which may be the result of the generous way in which they are treated.

The state has secured the rights of the intelligent citizen, white or black, to such an extent that it is unnecessary to discriminate in an offensive manner.

## THE JOURNAL'S MISTAKE.

The Milwaukee Journal seeks to widen the breach in the republican ranks by advising the stalwarts to arraign themselves against the half-breeds on the subject of tariff.

The republican party in Wisconsin has split on the governor and his methods; there is no national issue involved, as is evidenced by the fact that the democrats of the state have taken sides on this issue.

When a national issue is presented to the people, state differences which are not dependent upon national questions, will disappear from the field of view.

Because some of us do not approve of La Folletteism in Wisconsin is no reason for our changing our views on the tariff question.

## PROTECT OUR FORESTS.

The Racine Journal has given us a good editorial on the need of protection of our woodlands against the incursions of the pulp and paper mills.

Too much stress cannot be laid on this point, as at the present rate, it will not be long before our young, as well as our old trees will be attacked because of the insatiable greed of immense corporations, who cannot see farther than the dollar in hand. The agricultural department has appointed a forestry commission to study the conditions and formulate restrictions which shall govern lands under the control of the government.

If Uncle Sam could only bottle up the energy which is being wasted in talking and writing about the Isthmian Canal, it would dig many miles of that ditch when transported.

It may not be long before our seminary will be required to train ministers and college presidents as bus-

ness managers, rather than preachers and teachers.

Those who have been considered unnecessary to the coronation of King Edward, are receiving a lot of free advertising—with their pictures thrown in.

Prince Henry may run up against the wrong man in some of his duels—then the queen's trials will be over.

Platt now wishes he had not insisted on the nomination of Roosevelt for vice-president.

We are not sure whether it is the ship, Buffalo, or the Buffalo Exposition, that has been wrecked.

## PRESS COMMENT.

The administration must not imagine that the people have forgotten MacLay, the famous "historian," who wrote down Admiral Schley as a coward. MacLay is reported to have said that if the decision of the court of inquiry is favorable to Schley, he will revise his "history." The American people are not interested in this "history" or its revision. The are, however, interested in the question, "Will the administration permit Admiral Schley's detractor to remain in the navy department?"—The Commonwealth.

President Roosevelt promised to carry out the policy of his predecessor, but there is danger that the protectionists and manufacturers will scare him away from the president's reciprocity suggestion.—The Commonwealth.

If Bryan knows Teddy Roosevelt, he knows a man who don't scare worth a cent. Whether it be New York saloon keepers, Spanish bullets or mountain lions, he is there to do his duty and the have all found it out. Politicians are not to be feared any more than the personal foes the president has already subdued, so we do not look for any yellow streak in him on this question.

There is nothing disparaging to President Roosevelt as a good republican when The Milwaukee Journal declares that "if he were to live up to some parts of his message, democrats could claim him as their own, and have very strong evidence to prove their case."

We would like The Journal to suggest some things President Roosevelt has advocated, which he has not lived up to.

One of the quickest ways to end alien anarchy is to apply the immigration exclusion law most vigorously.—La Crosse Chronicle.

Wisconsin needs a new governor on its engine.—Tomah Monitor.

## SMILES.

She—You don't mean to say, professor, that you have given up all your studies in the higher mathematics in order to play golf?

The Professor—Yes, I have. I wanted something to discipline my mind.

Gladys—They say Harold is an expert in the art of self-defense.

Ethel—Nonsense! Ethel made him propose in just one week.—Puck.

"Look here, boss," said the beggar, "you've given me a counterfeit."

"Is that so?" inquired the good man.

"Well, keep it for your honesty."

—Philadelphia Press.

Mrs. Todds—Good heavens, John! You're not going to dinner in that sweater?

Mr. Todds—Yes, my dear, the landlady told me last night that she was going to call on me to carve the turkey.—Judge.

She—Really, my husband is quite a philosopher.

Her Aunt—Well, a man may as well bow to the inevitable—when he's married to it.

## ESCAPES HER GUARD

Insane Woman Wanders About Edgerton and is Found in an Exhausted Condition.

An insane woman wandered about Edgerton all night last night and was found this morning in an exhausted condition thoroughly chilled through by the many hours of exposure. The unfortunate woman was being taken from the Palmyra sanitarium to the state hospital for the insane at Mendota. When the train reached Edgerton, about 5:30 o'clock yesterday afternoon, she asked the attendant to get her a drink of water. The attendant complied and the woman escaped from the car and vanished. She was not found until this morning when she wandered to the home of John Harris about one mile from town. She had no cloak on and was suffering greatly from the cold and fatigue. Word was sent at once to the Palmyra sanitarium and an attendant took the woman to Mendota today.

## If You Get It Here You Know It's Right

We haven't an old coat to show you—There isn't a questionable coat in our collection. The care we give to the selection of these garments is sufficient guarantee of their excellence. Today's prices are quite a bit less than figures a month ago. Several new lots of ladies' and misses coats are lately received and some new designs are on show—Raglan, Newmarkets and three-quarter coats are all in favor and now is a good time to buy. Come in and see the garments at 12, 16, 18 and \$20—they represent greater worth.

### Stylish Millinery Reduced.

For this week Miss O'Neill asks the ad man to make mention of the fact that the prices on all lines of desirable millinery will be greatly reduced. This applies to trimmed and untrimmed hats, flowers, feathers, birds, wings, ornaments and kindred lines.

An opportunity is offered for economical women to obtain nobby headwear at a saving but with the same careful attention to detail that has made the productions of this department famous.

### French Flannel Waists

Some excellent values at 2.75, 3.50 3.75 and \$5.00—styles that are seen only here, therefore not common—colors, black, white (very popular) red, navy, cadet, old rose, lavender, sizes 32 to 46. Silk waists of black taffeta at \$5.00—best in town at the price.

### Holiday Linens.

Always a large linen showing here and this season is no exception—Beautiful demasks by yard with napkins to match; also sets cloth and napkins, handsome towels and a big sample line of doilies; squares, fringed napkins and small linen pieces.

## CIGAR-MAKERS LOSE THEIR FIGHT

Union Seeks to Make American Federation Aid Its Cause.

WANT TO OPPOSE MACHINERY.

The National Body Holds It Impolitic to Oppose Progress—Metal Trades Are Organized and the First Officers Are Elected.

Scranton, Pa., Dec. 10.—A lively discussion occupied the greater part of to-day's session of the American Federation of Labor, the point at issue being whether the federation should recognize the use of machines in the making of cigars. For many years there has been a general feeling that cigars should be made by hand, and it was to this general feeling that the Cigar-Makers' union appealed. Other speakers on the floor, however, insisted that it would be absurd for the federation to oppose itself to the introduction of machinery in one trade, since it had to be recognized in a dozen others. The matter came up in the form of a resolution presented by President Gompers, John G. Deere and Thomas F. Tracey, of the Cigar-Makers' union, denouncing a certain company for making cigars by child labor and machinery, and it called upon the federation to unionize the various plants of the company. The resolution was referred to the committee on labels. There was a little discussion in the committee on labels, but finally by a unanimous vote it was referred back to the federation with the recommendation that it be adopted, providing that the word "machinery" be stricken out.

This amendment, however, was not approved by the original promoters of the resolution, for the phrase "child labor" had been mainly inserted in the resolution to give the machinery question due assistance. Consequently no sooner had the resolution been reported back with this amendment than the cigar-makers opened their fight. They insisted that the term machinery should not be eliminated, as they argued that cigars made by machinery are not as good as those made by hand, and that the machinery would drive the hand cigar-makers out of business. They emphasized the needs of the federation to assist all lines of legitimate labor, and they showed that to support the machinery in this case would be to drive away the field of labor of a large body of men, who, thus thrust out of a position, would be forced to swell the ranks of labor where it is already overcrowded. The speakers in opposition to the cigar-makers' proposition argued that to oppose machinery would be folly. They showed how machines had been introduced into many lines of trade and portrayed the wreck of the federation if it should put itself in opposition to the march of progress. After long discussion of the question it was decided that the federation could not support the cigar-makers in their contention. Many resolutions were presented.

The Metal Traders' Federation after a series of meetings finally organized to-day by electing officers. Another meeting will be held to-morrow to dispose of business still on hand. The following officers were elected: President—E. J. Lynch of New York, national president of the metal rollers;

## TO MOTHERS

Mrs. J. H. Haskins, of Chicago, Ill., President Chicago Arcade Club, Addresses Comforting Words to Women Regarding Childbirth.

"DEAR MRS. PINKHAM:—Mothers need not dread childbearing after they know the value of Lydia E. Pinkham's Vegetable Compound. While I loved children I dreaded the ordeal, for it left me weak and sick

MRS. J. H. HASKINS.

for months after, and at the time I thought death was a welcome relief; but before my last child was born a good neighbor advised Lydia E. Pinkham's Vegetable Compound, and I used that, together with your Pills and Sanative Wash for four months before the child's birth. It brought me wonderful relief. I hardly had an ache or pain, and when the child was ten days old I left my bed strong in health. Every spring and fall I now take a bottle of Lydia E. Pinkham's Vegetable Compound and find it keeps me in continual excellent health."

Mrs. J. H. Haskins, 3248 Indiana Ave., Chicago, Ill. — \$5000 forfeit if above testimonial is not genuine.

Care and careful counsel is what the expectant and would-be mother needs, and this counsel she can secure without cost by writing to Mrs. Pinkham at Lynn, Mass.

vice president, Robert Kerr of Moline, Ill., national president of the blacksmiths; secretary-treasurer, John O'Leary of Worcester, Mass., president of the coremakers.

### Harriman Has Recovered.

New York, Dec. 10.—E. H. Harriman has been at his office after several days' confinement to his home from an attack of the grip. The effect of exaggerated rumors regarding Mr. Harriman's illness upon the stock of the railroads controlled by him was offset to-day by a strong reaction.

### May Buy Iceland Realty.

Copenhagen, Dec. 10.—American capitalists are examining the pyritiferous lands in Iceland with a view of purchasing or leasing them. These properties were formerly leased by an English syndicate, whose concessions were revoked because the rent was not paid.

### Cannibalism in New Guinea.

Berlin, Dec. 10.—Several cases of cannibalism are reported from German New Guinea, and the settlers have to go armed to protect themselves from the inroads of the savages, who make raids to obtain victims for their cannibal feasts.

### Admiral Sampson Improving.

Washington, Dec. 10.—It was stated at the residence of Rear Admiral Sampson that the Admiral is much improved in health. He is gaining strength, and was out walking twice yesterday.

### Turks and Arabs in Conflict.

Constantinople, Dec. 10.—A serious conflict has occurred between the Turkish troops and the Arabs near Tripoli. Six Arabs and two of the Turks were killed and many on both sides were wounded.

### Adjourn for Holidays.

Washington, D. C., Dec. 10.—The United States Supreme Court after handing down one unimportant decision adjourned until January 6.

### A CARD.

We, the undersigned, do hereby agree to refund the money on a 50 cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

People's Drug Co., H. E. Rancus & Co.,  
Janesville, Wis.

### Woman Caster a Defaulter.

Peoria, Ill., Dec. 10.—It was announced to-day that Miss Mary E. McDonald, cashier and bookkeeper for the Illinois Car Service Association since its inception several years ago, was a defaulter for several hundred dollars. Ashley J. Elliott, manager of the association, cannot state just the amount until reports have been received from all the railroad members of the association. Miss McDonald has refunded about \$300 of the amount, and no legal action has been taken. She resides at Washington. She says that she has been stealing for more than a year, and assigns no reason for her action.

### Cashier and Money Gone.

Los Angeles, Cal., Dec. 10.—Henry J. Fleishman, cashier of the Farmers and Merchants bank, has disappeared, leaving a shortage of \$150,000. H. W. Hellman, vice president, said concerning the matter: "Fleishman had no valid excuse for taking the money. He had property enough to realize the amount he has taken from the bank. He was always considered a man of fine habits and unimpeachable integrity. We are at a complete loss to account for his action. The bank is amply protected and will not lose a cent."

### American Bank for the Orient.

Washington, D. C., Dec. 10.—The establishment of a great American banking institution in the far East is about to be realized with the cordial co-operation of the government at Washington, so far as assistance can be given under existing law and under legislation that is being urged upon the present Congress. The enterprise is understood to command the enormous capital indispensable to enable it to compete with great foreign institutions strongly entrenched on the other side of the Pacific.

### Charges Forgery of Will.

Washington, Dec. 10.—Mrs. Caroline Bliekie of Allegheny, Pa., has written to President Roosevelt asking his assistance in securing what she alleges is due her from a fortune of \$100,000 or more left her by an uncle, Charles Brenig, who went to Hawaii in 1860 under the name of Simeon Welbert. She alleges that the bill under which Samuel M. Damon, formerly a member of President Dole's cabinet, is made chief beneficiary, was forged.

### Form a Saddlery Combine.

St. Joseph, Mo., Dec. 10.—Harnesmen from many of the leading manufacturing centers west of Chicago are in session here for the purpose of forming an organization to be known as the Missouri Valley Saddlery Association. The chief object of the association is to keep up a scale of prices. Among the cities represented were St. Joseph, Chicago, Kansas City, Omaha, Fremont, Neb.; Hastings, Neb.; Burlington, Iowa; Quincy, Atchison and Lincoln.

### City to Care for Grain.

Niles, Mich., Dec. 10.—As a result of petitions of buyers of farm produce the city of Niles will erect a big elevator. The city is the best market town in southwestern Michigan and farmers are flocking here with grain from all points within a radius of thirty miles. Business men and citi-

zens generally favor municipal ownership of an elevator.

### Takes Office of Governor.

Guthrie, Ok., Dec. 10.—Thomas B. Ferguson of Watonga assumed the office of governor of Oklahoma to-day. Governor Ferguson made no speech and vouchsafed no promises. It is said that all the officials of the Jenkins administration will be removed at once.

### Holds the Sheriff's Office.

Jackson, Miss., Dec. 10.—The sheriff's office at Decatur, Newton county, was broken into by burglars and \$7,000 in cash and warrants stolen. The burglars escaped.

### Three Ohio Prisoners Escape.

Columbus, O., Dec. 10.—The police department has been notified that three prisoners broke jail at Circleville. They are J. Winstead, Edward Bailey and Herbert Garrett.

### Reception Given to Redmond.

Providence, R. I., Dec. 10.—A big reception was tendered to John Redmond and his companions in Infantry Hall by local Irish societies.

### The Best Plaster.

A piece of Chamberlain's Pain Balm and bound to the affected parts is superior to any plaster. When troubled with lame back or pains in the side or chest, give it a trial and you are certain to be more than pleased with the prompt relief which it affords. Pain Balm also cures rheumatism. One application gives relief. For sale by People's Drug Store and King's Pharmacy.

### Dix Not Yet Extradited.

London, Dec. 10.—H. St. John Dix, who is charged with larceny committed in the United States and who is alleged to have wrecked the Scandinavian-American bank at Whatcom, Wash., was again remanded at the Bow street police court to-day until Dec. 17, in spite of the protests of the United States embassy officials. Counsel for the prisoner claimed that he had not had time to examine the extradition papers.

Mr. Dix, who looked exceedingly dapper, addressed the court in support of a further remand, declaring "there is a lot which is not true in those papers."

### Count Laurier Free.

Toronto, Ont., Dec. 10.—The Attorney General's department has sent word to the chief of police that extradition proceedings against Count Laurier, under arrest in New York on the charge of fraud, would not be instituted. The police are thereupon compelled to wire the New York department to release the Count, who had been in custody two days.

No reason has been given for the government's decision, but it is supposed that recovery in Buffalo of goods obtained by the Count and comparatively heavy expense of extradition may have had a bearing.

### Three Strikers Shot.

Scranton, Pa., Dec. 10.—Special Officer Frank Schofield, accompanied by Detective Cosgrove, whose head was cut in Sunday night's street-car riot, went to the scene of Sunday night's disturbance to apprehend any one the detective might be able to identify as having been among his assailants. They attempted to arrest a man in a saloon, but no sooner was the warrant shown than a crowd of strikers attacked them with drills, clubs and bottles. Three of the strikers were shot, but were not seriously injured.

### Pneumatic Gun Wins Hard Test.

Savannah, Ga., Dec. 10.—The test of the great pneumatic aerial torpedo gun at Hilton Head on the government proving ground was a success. The recommendation of the board will mean that the government will pay the builders \$100,000. The officers in charge of the test would make no official statement, but it is known that they are satisfied. The gun is mounted on the north end of the island and commands the entrance to Port Royal harbor. No fleet of vessels could enter the port with the gun in position.

## SHIP-SUBSIDY BILL OFFERED

Introduction of New Measure  
by Senator Frye in the  
Upper House.

### VESSELS TO CARRY MAIL.

They Must Be Available for Government  
Defense—The Bill Is Referred to the  
Committee on Commerce—Other Senate  
Bill.

Washington, D. C., Dec. 10.—Senator Frye to-day introduced the new ship-subsidy bill. In form it differs radically from the ship-subsidy bill of the last two sessions. It is much shorter and simpler, and is divided into four titles. It does not provide American registry for foreign ships owned by Americans. It makes no distinction between fast and slow steamships, except as the former may obtain mail contracts under the act of 1891. It contains no specific requirement for export cargo, on the ground that it would be a violation or attempted evasion of our treaties, and, further, is unnecessary, because the subsidy rate is so low that ample cargo must be carried in order to escape loss.

The first title, "Ocean Mail Steamships," is devoted to amendments to the ocean mail act of 1891. Under the bill the Postmaster General is required to consider the national defense and the maritime interests of the United States, as well as postal interests, in providing for the transportation of American ocean mails. The purpose of this is to free the United States from dependence upon the British, German and French auxiliary cruisers for its ocean mail service, and to substitute a purely American system. The present term of ocean mail contracts, ten years, is increased to fifteen years, to correspond with the limit of the recent German and French contracts.

The present obsolete and unscientific classification of mail steamships provides only four classes—twenty-knot vessels of 8,000 tons, sixteen-knot vessels of 5,000 tons, twelve-knot vessels of 2,500 tons, and twelve-knot wooden steamships of 1,500 tons. The new bill provides seven distinct classes, and is based on the progress of ship building and mail requirements abroad the last ten years.

The second title, "General subsidy," contains the general subsidy for all vessels, steam or sail, which are not under mail contracts. This general subsidy is uniform, 1 cent a gross ton a 100 nautical miles, for not exceeding sixteen entries in one year. This amount is sufficient, according to the latest figures, to equalize the difference in American seamen's wages and in the cost of building ocean steamships in the United States and Great Britain, referred to in President Roosevelt's message and Secretary Gage's report. To promote the building of new ocean vessels an additional allowance of one-fourth of a cent a gross ton is made for five years.

The third title, "Deep-Sea Fisheries," provides an annual bounty of \$2 a ton for deep-sea fishing vessels, and of \$1 a month for American citizens when engaged in deep-sea fisheries.

The fourth title, "General Provisions," provides that a vessel shall receive only one form of subsidy, and that a vessel which has received a subsidy shall not be sold to a foreigner except by consent of the Secretary of the Treasury.

The bill was referred to the committee on commerce.

Senator Hale introduced a number of bills relating to the navy.

Mr. Perkins introduced a bill to prohibit Chinese immigration.

**Prevents Meeting of Anarchists.**  
Cleveland, O., Dec. 10.—The Liberty Association, under whose auspices Emma Goldman delivered a lecture which was heard by President McKinley's assassin, attempted to hold a meeting in Arch Hall. Rent had been paid by the officers of the association but Joseph E. Miller, proprietor of the hall, on learning of the character of the association, refused to permit the holding of the meeting. He demanded that the members of the association who had gathered there to attend the meeting leave the hall, and he enforced his demands with the assistance of two policemen.

**Dons Want Higher Tariff.**  
Madrid, Dec. 10.—The Spanish sugar producers intend to ask the government of Spain to assist them in forming a trust to keep out foreign goods, so as to retain the domestic sugar trade for the Spaniards. The wine-growers also demand an increase of the duties on foreign wines in order to keep down imports.

**Convict Woman Moonshiner.**  
Macon, Ga., Dec. 10.—Harriet Moss, white, was convicted of moonshining, and was sentenced to pay a fine of \$100 and one month's imprisonment. She said she had operated an illicit still for fourteen years and defied the revenue officers. She became wealthy through selling "blockade whiskey."

**Went Lover Kills Himself.**  
Mattoon, Ill., Dec. 10.—John Homrighous, a dentist of this city, courted his cousin, Miss Emma Homrighous of Ohio for twenty years. Then, fearing that they were not temperamentally fitted for each other and that the \$5,000 he had saved would not be sufficient to care for her properly, he committed suicide.

**Pneumonia Prevented.**  
Among the tens of thousands who have used Chamberlain's Cough Remedy for colds, and la grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. Whitfield & Co., 240 Wabash avenue, Chicago, one of the most prominent retail druggists in that city, in speaking of this, says: "We recommend Chamberlain's Cough Remedy for la grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of la grippe to result in pneumonia." For sale by People's Drug Store and King's Pharmacy.

**McGuire Accused of Embezzlement.**  
Philadelphia, Pa., Dec. 10.—The grand jury has returned an indictment against P. J. McGuire, general secretary treasurer of the United Brotherhood of Carpenters on the charge of embezzlement. McGuire is accused of fraudulently converting to his own use \$10,000 belonging to the association.

**Against American Watches.**  
Geneva, Dec. 10.—The feeling against American commercial invasion has made its appearance in Switzerland. Geneva watchmakers are combining to oust cheap American watches from the European markets.

**President Names Van Cott.**  
Washington, D. C., Dec. 10.—The president has appointed Cornelius Van Cott to be postmaster at New York.

Among the other nominations sent to the senate by the president to-day are the following: Capt. Royal B. Bradford, U. S. N., chief of the bureau of equipment, with rank of rear-admiral; Capt. Charles O'Neill, U. S. N., chief of the bureau of ordnance, with rank of rear admiral.

**Excursion Rates for the Holidays.**  
Via the North-Western Line. Excursion tickets will be sold at low rates to points on the North-Western System within 200 miles of selling station, December 24, 25, 31 and January 1, good returning until January 2, inclusive. Apply to agents Chicago & North-Western R'y.

**Governor Van Sant's Plans.**  
Minneapolis, Minn., Dec. 10.—Although Governor Van Sant has heard from all the governors of Northwest states on the question of the railroad merger, he will not call any conference for the present. He has set the machinery going, and within the week Attorney General Douglas will have the railroads in court. There is no occasion for the governor to move in other directions until the legal remedy is exhausted.

If you would have an appetite like a bear and a relish for your meals take Chamberlain's Stomach and Liver Tablets. They correct disorders of the stomach and regulate the liver and bowels. Price, 25c. Samples free at People's Drug Store and King's Pharmacy.

**Burglars Blow Up Building.**  
Greenup, Ky., Dec. 10.—The safe in Heister & Co.'s furniture store was blown to pieces by burglars. The front of the building was also blown out.

## BORT, BAILEY & COMPANY

### SCORE HURT IN A WRECK.

Car Filled with Workmen Goes Over Bank and Stove Sears Flesh.

Peru, Ind., Dec. 10.—A box car filled with workmen and being pushed ahead of an engine of a construction train on the Cincinnati, Richmond and Miami railway jumped the track two miles east of this city in the afternoon and rolled down a fifteen foot embankment. One man was probably fatally injured and twenty-one others were badly hurt. The men fell in a heap in one end of the car, a red hot stove catching Perry Landers of North Judson beneath it and pinning him down. He was horribly burned about the body and face and it is thought cannot recover. The others who were injured the most seriously are: Nevada Walters, of Wabash, Ind., brakeman of the construction train; thrown under wheels; both legs severed. Charles Peterson, Fremont, O.; fractured shoulder and ribs, hip dislocated; condition serious. Thomas O. Loughton, Urbana, O.; both arms dislocated, face badly cut. Frank Tonard, North Judson, Ind.; cut about head and right shoulder dislocated. William Bates, North Judson, Ind.; right knee dislocated. The others escaped with cuts and bruises. All the injured were brought to a hospital in this city.

### Body of Murdered Idiot Found.

Dusseldorf, Dec. 10.—In the idiot asylum at Muenchen-Gladbach, district of Dusseldorf, the mortified body of one of the young inmates has been found in the elevator leading up from the kitchen to the dining room. The elevator has been out of use for some time. A rigorous investigation established the fact that the murder was committed in October last by two of the inmates. The managers of the institute are likely to be charged with criminal negligence.

### Farmer Hosts Two Sharpers.

Bucyrus, O., Dec. 10.—Nicholas Reehl, an old and wealthy citizen of Bucyrus, outwitted two confidence men Saturday afternoon.

The men were trying to interest him in the old-time card game, but after he had won \$3,200 of their money he declined to have anything further to do with them.

The old man gave them back their money and told them to go about their business.

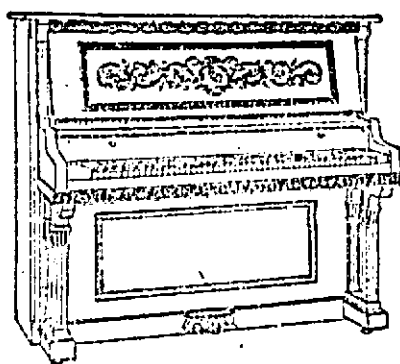

### Baptism Is Fatal.

Lisbon Falls, Me., Dec. 10.—Thirty persons were baptized in the icy waters of the Androscoggin river a week ago yesterday under the auspices of the "Holy Ghost and Us" Bible school at Shiloh.

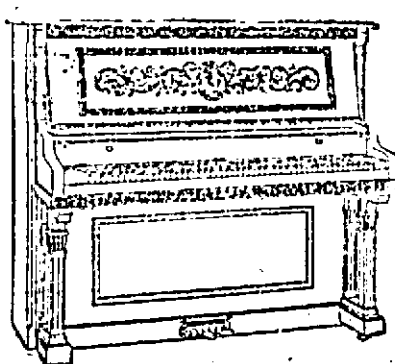

It is now reported that one of the women is dead of shock from the cold water and that others are ill. Several young children were immersed in the river, which was partly covered with ice.
